## Behaviour Support Policy

We believe that everyone has the right to feel safe at all times.

We ignore behaviour if it is not dangerous and only attention seeking.

Children learn best when they experience success and have a positive self-esteem.

We accept that children feel angry, frustrated and upset at times and need help to express those feelings appropriately.

It is important that staff and parents share responsibility, being consistent at all times, creating a safe, secure environment for children and modelling appropriate behaviours.

Naracoorte North Kindergarten staff follow a six step approach.

- Gain eye contact with the child who is acting up, as a signal/reminder to alter their behaviour.
- Give the child time to self correct
- Ask child if they need our help
- State the behaviour we want to the child.
- Help the child to see what they should be doing
- As a last resort, isolate the child from the situation, giving them time to think.
