Allergy and Anaphylaxis Awareness Policy

- The site ensures regular updates of approved and appropriate First Aid training for all staff.
- The site ensures that appropriate First Aid protocols and procedures are adhered to.
- The site supports children who require an agreed medical Health Care Plan and work in conjunction with families to provide support following the relevant procedures.
- Parents are responsible for providing the Health Care Plan and any medication, ensuring that the medication provided has a current expiry date.
- Staff, children and families understand and follow allergy aware practices, including the exclusion of nuts and nut products at the centre.
- All families in the preschool community are regularly informed about the Allergy Aware Policy and associated DECD practices.

This policy is to be reviewed as necessary
